### Resumption of New Position Entry

---

In continuation to circular No. PMEX/MKT, BD&CSS/2015/34, dated September 04, 2015, we are pleased to inform all market participants that effective today, September 08, 2015, traders can take new positions in all futures contracts except Crude 100 Barrel Futures Contract.

In order to restore the position entry, brokers will need to access the Trader Account Management System (TAMS) and restore set their client positions. The path to restore the positions in TAMS has been mentioned below for your convenience:

TAMS → Trader Management → Trader Commodity Limits → Select Contracts & Select All Clients

PMEX appreciates your patience & support during the restriction and regrets any inconvenience caused.
